

MODEL **D22**™

METAL DRUM PUMP

#170108

Chrome Plated Steel

22 oz. Output, 2" IPS

6/cs

****Tolco's first product!**

CORROSION RESISTANCE:
Chrome plating protects the metal from the corrosive effects of water-based solutions

UNIVERSAL FIT:
Designed to fit standard 15, 30, and 55-gallon drums

EFFICIENT OPERATION:
Large 22 oz. output per stroke reduces fatigue by minimizing the number of pumps needed

VERSATILE APPLICATIONS:
Suitable for most solvent solutions and water-based products, as well as thicker liquids like motor oil. **Not recommended for use with corrosive chemicals**
