NEW ITEM

ENHANCED DURABILITY:

Built with high-quality materials, the 540 sprayer is engineered to withstand harsh surfactants containing d-limonene and pine oils. Designed for rigorous applications, it offers superior durability and reliability, ensuring efficient and long-lasting performance

HIGH-PERFORMANCE NOZZLE:

Equipped with a brass insert engineered to endure rigorous use and resist the severe effects of solvent chemicals

OPTIMIZED EFFICIENCY:

Delivers an impressive output of 2.0mL per stroke, enhancing efficiency and minimizing effort during extensive use

PRACTICAL + COMFORTABLE:

Ergonomically crafted with rear support to fit comfortably in hand, a 9 1/2" dip tube, and a 28/400 neck finish, compatible with 32 oz bottles for versatile use across many professional settings
