FOR PROFESSIONAL USE

Auto Detail • Industrial • OEM • Lawn Care • More

FOR DEMANDING APPLICATIONS.

AUTO DETAIL

OEM / INDUSTRIAL

LAWN CARE + MORE

The **Model 760™** is built for the chemicals and applications that put ordinary trigger sprayers to the test. Constructed with materials made for targeted professional use, the 760 expands our lineup to accommodate an even wider range of needs.

2.5 mL Output

28/400 Thread

9 ½" Dip Tube

200 Per Case

LARGER PROFILE

A larger, heavier design creates a bigger feel in hand for demanding professional use.

LEAK-RESISTANT GASKET

A gasket liner and internal venting system help prevent chemical leakage through the trigger mechanism for reliable performance.
